A DIALOGUE WITH
MARTIN KOLLAR

APRIL 23, 2014 6.00 P.M.

NYU Florence, Villa La Pietra
Via Bolognese 120, Florence

Martin Kollar will present his most recent photographic projects and, in particular, 'Not Guided Tour', a project on the European Parliament. We think of the European Parliament as an enormous complex of glass buildings; despite its image of transparency, it is hard to see through, which makes curiosity about what is happening inside grow. Martin Kollar has been exploring this paradox by photographing people in the offices to reveal the subtle and often concealed humor of a situation.
